Character builds in Pathfinder: Kingmaker are virtually infinite, with countless customization options and variations available to all, allowing you to make just about anything you can think of ... 72022/3/ - Advisors help you run your kingdom. They are the people who deal with Events and Projects under the Kingdom Management portion of the game. Each Advisor position is associated with a character ability score, which is used when the Advisor rolls to determine success or failure on an Event. 82019/9/ - Pathfinder: Kingmaker features a complex kingdom management system that requires constant care and supervision from the player. There is an option within the game to allow the A.I. to manage the kingdom for you. However, some players have decided to forgo the A.I.'s help in favor of a better challenge. 72022/3/ - This guide was created for and using the Enhanced Edition of the game: Pathfinder Kingmaker and is targeted for the "Normal" difficulty of the game. The following is my suggested path on handling the encounters/areas, and it is what I believe is ...
